

Bridging the Gap

The project main objective is to develop new digital knowledge, skills and competences for women in rural areas in order to increase their entrepreneurial, employability and employment opportunities, at the same time fighting the gender digital divide.

www.bridgingtheruralgap.eu

OBJECTIVE 1

Developing the ICTs competencies of rural women entrepreneurs

OBJECTIVE 2

Bringing ICT training closer to the target group, enabling their empowerment and contributing to fighting the gender digital divide

OBJECTIVE 3

Fostering rural women's employability through ICT skills development
